

Part List of One Set

INSTRUCTIONS

No tools are required, everything just slides into place. Before you start, ensure that you have all the parts as outlined on the Part List to your left.

1. Slide Middle Tube into bottom cloth pocket. Connect Tee-Junction to each end of Middle Tube
2. Slide Long Tubes through side pockets and connect to bottom Tee-Junction
3. At the top connect 1 x Tee Junction to 1 x side Long Tube
4. Slide Middle Tube through the top pocket and connect to the Tee-Junction. Connect the other Tee-Junction to the top Middle Tube and the side Long Tube
5. Connect Middle Tube to bends and connect Short Tubes to bends
6. Insert into top Tee Junctions. Place panel on a flat surface and ensure that the frame is all aligned. One panel is now complete! Repeat steps 1- 6. to make 2 more panels
7. Use the Panel joiners to connect the 3 panels together. The A4 pockets can be used to hold A4 signs or work orders
